PROMOTIONAL OFFER - LIMITED STOCKS - WHEN IT'S GONE IT'S GONE

Designed to keep logs under cover ready for colder months, our easy to build log stores ensure that logs can season and dry quickly outside.

All wooden storage is pressure treated for long lasting use so can withstand all types of weather. The open frames help to season and dry your logs by circulating air for maximum heat output. They're slightly elevated off the ground to prevent water absorption into the wood.
